# 2024 FNIH ACCELERATING MEDICINES PARTNERSHIP<sup>®</sup> (AMP<sup>®</sup>) SYMPOSIUM

## FEBRUARY 5 & 6, 2024

The Accelerating Medicines Partnership (AMP) Program was launched in February 2014 to bring together the resources and expertise of both the National Institutes of Health (NIH) and the private sector to solve pressing challenges in various diseases and disease areas. Managed by the FNIH, the AMP Program is comprised of projects operating under the broad principle of delivering pre-competitive advancements to the research and medical fields to enable broad access and use of AMP research discoveries. A critical component of each public-private partnership in the AMP Program is an agreement among partners to make data and analyses arising from the collaboration publicly accessible to benefit the broader biomedical community. Individual AMP projects frequently establish public portals to rapidly disseminate data from their research efforts, and AMP-funded publications are required to be made available publicly within specific timeframes.

At the center of the AMP Program is a common goal of accelerating the process of bringing new and effective

therapies to patients. AMP projects work towards this goal by identifying clinically relevant disease targets, improving identification of patients most likely to respond to a particular treatment, and prioritizing both safety and reducing the development timelines for improvements in patient outcomes and potentially life-saving therapies. Originally focused on three specific diseases, the program has since grown to 10 individual projects representing the contributions and participation of 16 NIH institutes and over 70 private sector partners.

This inaugural scientific symposium will celebrate the 10th anniversary of the program, highlight successful innovation and collaboration in each of the individual AMP project areas, and provide a forum for discussions and cross-collaboration in the broader AMP research community.

We thank you for being an integral part of the AMP community and invite you to participate in and sponsor this milestone event.

THE FOUNDATION FOR THE NATIONAL INSTITUTES OF HEALTH (FNIH) IS A NOT-FOR-PROFIT ORGANIZATION THAT SUPPORTS THE MISSION OF THE NATIONAL INSTITUTES OF HEALTH (NIH), TO ACCELERATE BIOMEDICAL DISCOVERIES THAT IMPROVE THE QUALITY OF PEOPLE'S LIVES.

ACCELERATING MEDICINES PARTNERSHIP AND AMP ARE REGISTERED SERVICE MARKS OF THE U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES

## OPPORTUNITIES FOR INVOLVEMENT

The FNIH actively seeks private-sector support and participation in the AMP Symposium. Sponsorship support will be used to cover expenses associated with the Symposium. Any remaining balance will be used for the general AMP Program including expenses associated with spearheading the ideation of emerging AMP opportunities and AMP-related convenings. Sponsors will be recognized\* for their generous support in the following ways:

<b>Visionary Level Sponsorship</b>	\$40,000	<ul style="list-style-type: none"> <li>• Recognition in podium remarks</li> <li>• Logo inclusion on poster reception signage</li> <li>• Logo inclusion in AMP 10th Anniversary Video (content released in Q2 2024) – prime placement</li> <li>• Logo inclusion on sponsor banner on registration page</li> <li>• Logo inclusion on rotating sponsor recognition slide displayed during event welcome and breaks (prime placement)</li> <li>• Logo inclusion on agenda and relevant pre- and post-event communications (prime placement)</li> <li>• Dedicated social media mention via an FNIH channel e.g., Twitter, LinkedIn, or Facebook</li> <li>• Option to exclusively sponsor a breakfast, lunch, reception or internet access (as available)</li> </ul>
